

Landare

Landare's first ever collection of statement-making rustic clay pots has arrived at WG Outdoor Life. Inspired by the rich earthy colours and textures of the iconic Australian landscape, the pots are lovingly hand thrown by local craftsman in Northern Thailand using centuries-old pottery techniques, then slow baked in a wood-fired kiln into one-of-a-kind works of art.

Banksia

Inspired by the intricate inflorescences of the Banksia flower, the hand cast vertical lines and softly textured glaze come to life with alluring green and copper colour palettes in this rustic vertical planter.
